# GRM Session for 8<sup>th</sup> APAC – PhAMA

- **GRM**
  - No combined GRM workshop yet
- **GSubP workshop**
  - Good engagement and collaboration with the regulator, academician, local generic manufacturer, local generic importer
  - Awareness of GRM increased
  - Capacity building of regulatory personnel in the industry results in high quality and efficient submission

# GRM Session for 8<sup>th</sup> APAC – PhAMA

- **Improvement**

- Target to have one local workshop at least once a year to train more regulatory personnel from the industry
- To incorporate new topic from the last GRM COE Workshop in Taipei (2018)
- Getting more input and participation from regulator to embrace more complete GRM concept in our workshop

- **Sustainability**

- Train the Trainer program – have been sending our members to be trained at APEC CoE GRM
- Explore feasible arrangement to support training of more regulatory officers to participate at the APEC CoE GRM
- To realize a combined GRM workshop in the future
